What Should I Do?

Read the three stories. Beside each one write what you should say or do, remembering the St John DRSAB action plan.

1. Your friend has fallen off his bike. He has some scratches on his leg but is otherwise fine.

2. Someone has slipped on the wet ground around the pool. The person is breathing but unconscious.

3. Your mum leaves some tablets where your baby brother can reach them. He is crawling towards them.
