Check for a Response

We check for a response to find out if a casualty is conscious or unconscious.

1. Find words in the wordsearch to complete the sentences.

(a) ___________ to the casualty as you approach.

(b) Ask _______________ like ‘Can you __________ me?’

(c) Gently squeeze the casualty’s _______________.

(d) Tell the casualty your _______________ , let him or her know you are there to _______________.

(e) If the casualty doesn’t wake up, talk or _______________ , he or she may be ___________________.

2. Design a poster to teach others how to tell the difference between a sleeping person and an unconscious person.

3. Once you have designed the poster, make it on A3 paper.
